

## ***2019 Alberta Soils Tour***

May 30-31, 2019

Alberta Prairies Region

Red Deer to Drumheller

[www.soilsworkshop.ab.ca](http://www.soilsworkshop.ab.ca)

January 9, 2019

We are planning the 2019 Alberta Soils Tour, and are requesting the support of your organization. The tour will be taking place in Central Alberta ranging from near the City of Red Deer to town of Drumheller. The focus of the tour will be to showcase the range of soils found in the Alberta Prairies region as well as showcasing different agricultural activities taking place.

The Alberta Soils Tour is held biannually to facilitate regional interaction among professionals in soil science and related fields and to provide hands on field opportunities for professional development. Typically, 40 to 80 attendees gather for a 2- or 3-day program consisting of stops at a range of different soils during the day and networking opportunities in the evenings.

We invite you to consider sponsoring the 2019 Alberta Soils Tour. Historically, sponsoring organizations have been acknowledged by having their logos displayed in the program and by verbal recognition during the tour. A free tour registration is provided for every \$1,000 sponsored. There is also an opportunity to provide marketing materials, which will provide your organization increased exposure. Sponsorship dollars will go towards covering the costs associated with the tour and keeping the tour affordable. Sponsoring a meal or a coffee break during the tour is also an option and would include recognition during that meal or break.

If your organization is able to sponsor the tour, please fill out the attached form and return it to the Soil Tour Chair:

**Konstantin Dlusskiy**  
**Paragon Soil and Environmental Consulting Inc.**  
**14805 - 119 Ave NW**  
**Edmonton, AB, T5L 2N9**

If you prefer, we can issue an invoice to your organization, and subsequently a receipt to confirm payment. For further details, please contact Konstantin Dlusskiy, the Soil Tour Chair at 780-914-2067 or [kdlusskiy@paragonsoil.com](mailto:kdlusskiy@paragonsoil.com).

THANK YOU FOR SUPPORTING SOIL SCIENCE IN ALBERTA
