

Preliminary Program and Call for Abstracts for the

Alberta Soil Science Workshop

February 20-22, 2024

Sandman Signature Lethbridge Lodge

Lethbridge, Alberta

“Soil Response to Extreme Events”

Plenary Presentations

- Rene Barendregt, University of Lethbridge, “Glaciation and Soils”
- Kurt Reinhart, USDA-ARS Fort Keogh Livestock & Range Research Laboratory, “Drought, Fire, and Soil Carbonates Regulate Rangeland Resources”
- Laura Chasmer, University of Lethbridge, “Fire on Peatlands”
- Henry Chau, Lethbridge AAFC, “Understanding Soil Health in a Changing Climate”

Pre-conference Workshops

- Lethbridge AAFC Holos Team, “Holos Workshop: Whole-Farm GHG emissions”.
- Konstantin Dlusskiy, Paragon Soil and Environmental Consulting, “Hands-on Soil Texturing”.

Oral and Poster Presentations – Submit an Abstract!

- Any topic related to Alberta soils.
- Download the form at <https://soilsworkshop.ab.ca/>.
- Email to: soilsworkshop@gmail.com by **Friday December 8, 2023**.

Highlights

- The workshop attracts 100 to 150 participants from private industry, academia and government.
- Excellent opportunity for students to enhance presentation skills. Travel bursaries are available for out-of-town students and awards are provided for the best student presentations.
- Travel by bus from Edmonton, Red Deer and Calgary.
- Opportunities for sponsorship and commercial displays. Contact Kris Guenette at kguenett@ualberta.ca.
